

Steerable trolley JLB 7 K Professional

High-performance transport trolley from JUNG. The JLB 7 K professional steerable trolley transports loads up to 7 t with an installation height of 110 mm.

Product number 07 071 085-D

Weight 35kg

Product description

Advantages of the transport trolley JLB 7 K Professional

- The double roller design results in dramatically easier steering due to reduced friction forces in castors. The much lower friction resistance also causes the trolleys on the rear axis to follow in a truer course.
- You need 30 % less power for steering.
- Higher capacity with professional castors, at same dimension as series K trolleys.
- All transport trolleys are ready for use: the steerable transport trolley is fitted with a ball bearing supported turntable and a handlebar.
- The series K handlebars are now also available with a removable handle, which is also available as a re-fitting set.
- Non-marking support wheels.
- Inspected according to technical regulation ANSI ? ASME (USA)

Product properties

Handlebar with pulling eye (mm)	1 210
Castor dimensions (Ø x l mm)	85 x 85
Number of twin castors (pcs.)	8
Load capacity (t)	7
Height (mm)	110
Weight Professional (kg)	35
Load capacity (suitable)	11 - 15 t
Supporting surface of turntable Ø (mm)	150
Dimensions steerable (mm)	445 x 590
